

Task 8.2

Isaac Pittolo – 7695438

Hoang Linh Bui – 100017631

Adam Bubonya – 9986677

28th Apr

Meeting Minutes as of 28 Apr

Duration: 5 minutes

Time: 9:30pm

Location: Skype Call

Attendees: IP, AB, HB

Summary

Discussed changes to current demo functionality from previous week

Actions:

29th APR – AB to commit additional details to software

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a "Private" label. The board is divided into three main columns:

- Product Backlog items:** A list of 12 items, each in a white card with a grey border. The items are: "Analyse monthly sales data", "Analyse weekly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup". Below the list is a grey button labeled "Add a card...".
- Sprint Backlog items:** A single grey card with the text "Add a card..." and three dots in the top right corner.
- Doing (tasks):** A list of three tasks, each in a white card with a grey border. The tasks are: "Inventory In/Out Functions" (with an eye icon and buttons for "AB" and "HB"), "Update demo application to demonstrate functionality (Sprint 2)" (with a green checkmark icon, a green box containing "2/2", and a button for "HB"), and "Sales Record Addition" (with a red bell icon containing "1", a speech bubble icon containing "2", and buttons for "HB" and "IP"). Below the list is a grey button labeled "Add a card...".

29th Apr

Meeting Minutes as of 29 Apr

Duration: 6 minutes

Time: 9:50pm

Location: Skype Call

Attendees: AB, HB

Summary

Console App Update pushed by HB

Demo Functionality moved back to Doing

“Show Sales” added

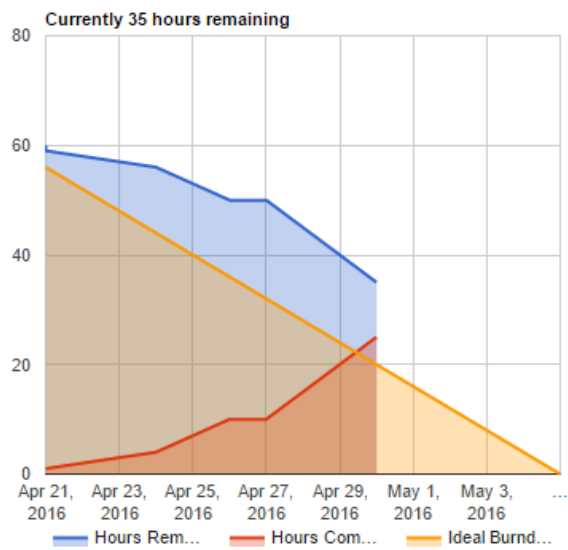

Actions

APR 30th - HB finished show inventor, no inventory to test as of yet. To add Inventory.

3rd May

Meeting Minutes as of 3 May

Duration: 4 minutes

Time: 9:45pm

Location: Skype Call

Attendees: IP, AB, HB

Summary

IP pushed what he could, began working on Inventory.

AB and HB to continue with their portion of demo

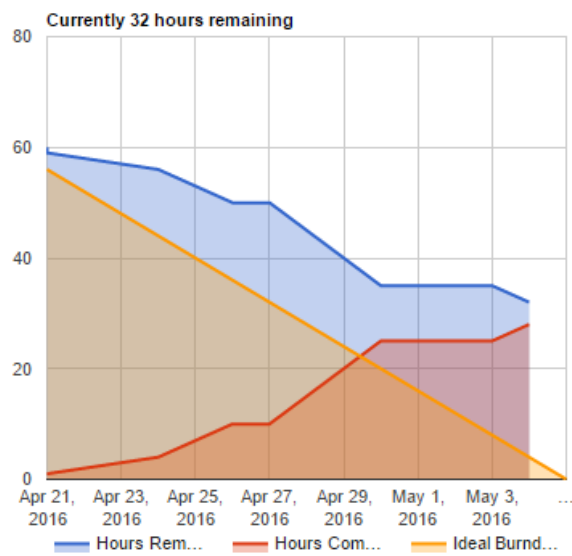

Actions:

29th APR – AB to commit additional details to software

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a "Private" label. The board is divided into three main sections: "Product Backlog items", "Sprint Backlog items", and "Doing (tasks)".

- Product Backlog items:** A list of 12 items, each in a card. The items are: "Analyse monthly sales data", "Analyse weekly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup". Below the list is an "Add a card..." button.
- Sprint Backlog items:** A section with an "Add a card..." button.
- Doing (tasks):** A section with three task cards. The first card is "Inventory In/Out Functions" with an eye icon and assignees AB and HB. The second card is "Update demo application to demonstrate functionality (Sprint 2)" with a green checkmark icon, a "2/2" label, and assignee HB. The third card is "Sales Record Addition" with a red bell icon, a "1" label, a speech bubble icon, a "2" label, and assignees HB and IP. Below the tasks is an "Add a card..." button.

4th May

Meeting Minutes as of 4th Apr

Duration: 5 minutes

Time: 9:30pm

Location: Skype Call

Attendees: IP, AB, HB

Summary

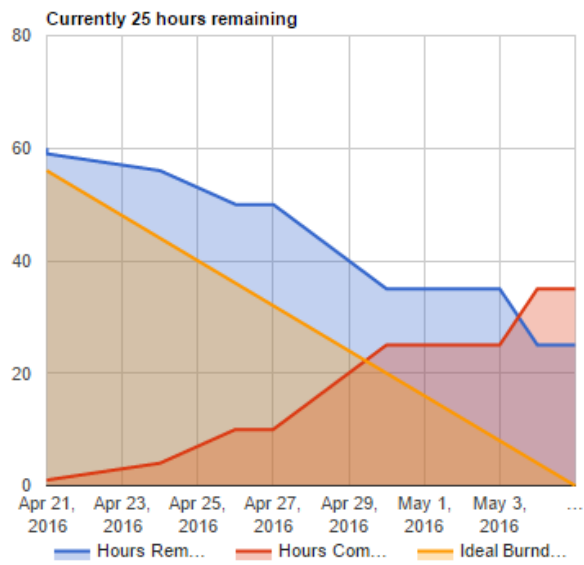

Prepared for presentation of Demo functionality - needs a bit more work
Currently not quite there, additional functionality recommended - move
test core material to live system.

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a "Private" label. The board is organized into three columns: "Product Backlog items", "Sprint Backlog items", and "Doing (tasks)".

- Product Backlog items:** A list of 11 items, each in a card:
 - Analyse monthly sales data
 - Analyse weekly sales data
 - Produce reports based on analysis
 - Output CSV files
 - Graphically display data analysis reports
 - easy to use interface
 - uses a graphical user interface
 - adequately quick analysis of data
 - user training for the system
 - user manual for the system
 - installation of the system
 - simple system setup
- Sprint Backlog items:** A single card with the text "Add a card..."
- Doing (tasks):** A list of 3 items, each in a card:
 - Inventory In/Out Functions (with an eye icon, assigned to AB and HB)
 - Update demo application to demonstrate functionality (Sprint 2) (with a green checkmark icon and "2/2", assigned to HB)
 - Sales Record Addition (with a red bell icon and "1", and a speech bubble icon with "2", assigned to HB and IP)

Each column has an "Add a card..." button at the bottom.

Discussion

As a group we have performed considerably better in comparison to the first sprint.

We have achieved a functional demo with working functions, more to be added in the future. All in all in comparison to the previous sprint we have been doing quite well and I look forward to the progress we will make in future sprints.
