

# Sprint 1 Progress Report

Isaac Pittolo – 7695438

Hoang Linh Bui – 100017631

Adam Bubonya - 9986677

## Sprint Meeting 1 Progress – 01/04/16

### Meeting Minutes

Date/Time: 1/04/16 @ 9:40pm

Duration: 7 minutes

Location: Facebook Voice Chat

### Members in attendance:

IP, AB, HB

### Decisions

- Development Environment we will be using is Visual Studio.
- Framework to be created first
- Inventory In/Out to be developed on first
- AB/IP unable to commence work. HB to start framework.

### Actions

1-APR, HB, Commence work on Inv In/Out Functions

### Meeting Concluded

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a lock icon labeled "Private". The board is divided into three main columns:

- Product Backlog items**: A list of 14 items, each in a white card with a grey border. The items are: "Inventory In/Out functions", "Sales record addition", "Analyse weekly sales data", "Analyse monthly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup". Below the list is a grey bar with the text "Add a card...".
- Sprint Backlog items**: A single white card with the text "Sales Record Addition". Below it is a grey bar with the text "Add a card...".
- Doing (tasks)**: A single white card with the text "Inventory In/Out Functions". To the right of the card is a grey button with the text "HB". Below the card is a grey bar with the text "Add a card...".

In this meeting our group met up and decided on who was to do what. Due to time constraints only Hoang could work on the task today, with plans on further implementation at the next meeting.

## Sprint Meeting 2 Progress – 04/04/16

### Meeting Minutes

Date/Time: 4/04/16 @ 9:00pm

Duration: 5 minutes

Location: Facebook Voice Chat

### Members in attendance:

AB, HB

### Decisions

- Prepare handover of sales record backlog item for IP
- Continue with work on Inv In/Out functions

### Actions

4-APR, HB, Continue work on Inv In/Out Functions

5-APR, AB, Prepare scope for IP in Sales Record Functions

### Meeting Concluded

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a "Private" label. The board is divided into three main sections: "Product Backlog items", "Sprint Backlog items", and "Doing (tasks)".

- Product Backlog items:** A list of 15 items, each in a white card with a grey border. The items are: "Inventory In/Out functions", "Sales record addition", "Analyse weekly sales data", "Analyse monthly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup". At the bottom is a grey bar with the text "Add a card...".
- Sprint Backlog items:** A list with one item, "Sales Record Addition", in a white card. Below it is a grey bar with the text "Add a card...".
- Doing (tasks):** A list with one item, "Inventory In/Out Functions", in a white card. The card has a red notification bell icon with the number "1" and an eye icon. To the right of the card are two grey buttons labeled "AB" and "HB". Below the card is a grey bar with the text "Add a card...".

Isaac was unavailable for this meeting and could not be assigned to any tasks. Huang and Adam proceeded to work on the Inventory In/Out Functions for the day.

## Sprint Meeting 3 Progress – 05/04/16

### Meeting Minutes

Date/Time: 5/04/16 @ 10:30am

Duration: 11 minutes

Location: Facebook Voice Chat

### Members in attendance:

IP, AB, HB

### Decisions

- IP assigned Sales Record Addition
- AB to assist HB

### Actions

6-APR, HB/AB, Continue with Inv In/Out Funct.

5-APR, IP, Commence Sales Record Additions

### Meeting Concluded

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a lock icon labeled "Private". The board is divided into three main sections: "Product Backlog items", "Sprint Backlog items", and "Doing (tasks)".

**Product Backlog items:** This section contains a list of tasks: "Inventory In/Out functions", "Sales record addition", "Analyse weekly sales data", "Analyse monthly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup".

**Sprint Backlog items:** This section is currently empty, showing only the "Add a card..." prompt.

**Doing (tasks):** This section shows two tasks: "Inventory In/Out Functions" (assigned to AB and HB) and "Sales Record Addition" (assigned to IP, with 1 comment). It also includes an "Add a card..." prompt at the bottom.

Isaac, Adam and Huang met up today and discussed progress on the Inventory In/Out functions as well as Isaac's large contribution made in the Sales Record Addition.

## Sprint Meeting 4 Progress – 06/04/16

### Meeting Minutes

Date/Time: 6/04/16 @ 9:00pm

Duration: 4 minutes

Location: Facebook Voice Chat

### Members in attendance:

IP, AB, HB

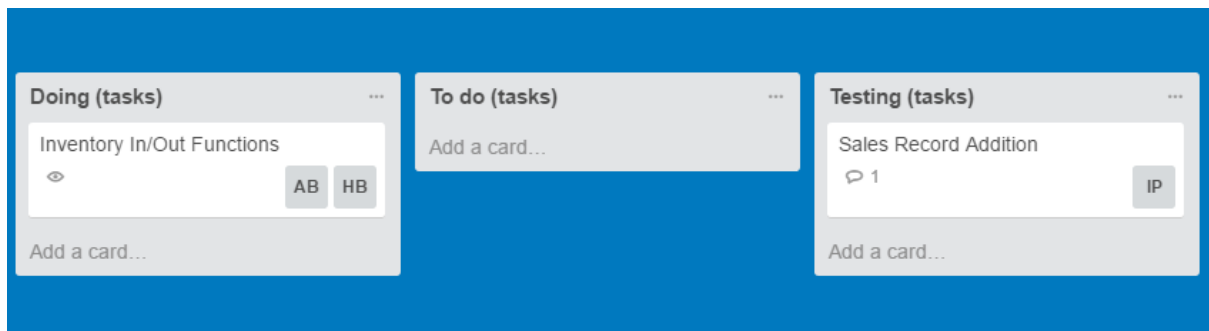

### Decisions

- Sales Record deemed suitable for testing
- Inv In/Out needs more work before testing

### Actions

12-APR, HB/AB, Complete work on Inv In/Out

Meeting Concluded

Isaac spent a considerable amount of time working on additions to the Sales Records. After having a working system the group has decided to move the task from Doing to Testing.

Huang and Adam continued with their progress on the Inventory In/Out Functionality.

## Sprint Meeting 5 Progress – 07/04/16

### Meeting Minutes

Date/Time: 7/04/16 @ 10:00pm

Duration: 5 minutes

Location: Facebook

### Members in attendance:

IP, AB, HB

### Decisions

- IP to continue to test.
- AB to look into GUI issues

### Actions

- 7-APR, IP, Continue testing
- 7-APR, AB, Resolve GUI issues.

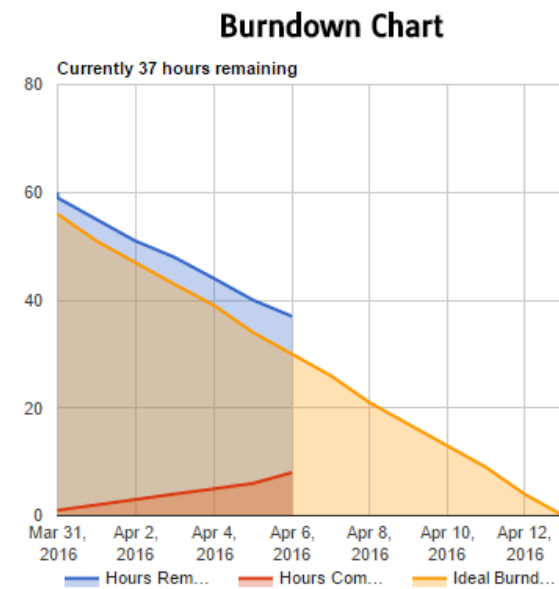

### Meeting Concluded

The screenshot shows a Trello board titled "DP2 Pharmacy Project" with a star icon and a "Private" label. The board is divided into three main sections: "Product Backlog items", "Sprint Backlog items", and "Doing (tasks)".

- Product Backlog items:** A list of 15 items, each in a card. The items are: "Inventory In/Out functions", "Sales record addition", "Analyse weekly sales data", "Analyse monthly sales data", "Produce reports based on analysis", "Output CSV files", "Graphically display data analysis reports", "easy to use interface", "uses a graphical user interface", "adequately quick analysis of data", "user training for the system", "user manual for the system", "installation of the system", and "simple system setup". There is an "Add a card..." button at the bottom.
- Sprint Backlog items:** A section with an "Add a card..." button.
- Doing (tasks):** A section with two cards. The first card is "Inventory In/Out Functions" with an eye icon and assignee "AB". The second card is "Sales Record Addition" with a comment icon showing "1" and assignee "IP". There is an "Add a card..." button at the bottom.

Unfortunately during testing our group discovered that the Sales Record Additions were quite difficult to implement into our total project. Therefore, the task was moved back into our Doing category.

## Burndown Chart

(+)

## Summary stats

Total Cards:	16
Remaining Cards:	16
Done Cards:	0
Percent of cards done:	0%
Hours at start:	60 <a href="#">(edit)</a>
Hours est total:	45
Hours remaining:	37
Hours done:	8
Percent of hours done:	17%
----	----
Days Elapsed	6
Daily Burndown	1.33
Est. Days Left	28
Est. Completion Date	05/04/16

We were not able to record our Burndown chart on a day-by-day basis. However, this is the burndown chart as of the end of this week, which demonstrates our progress made during this sprint.
